

REACH THE BUYERS

# BOT SEND

## ARE YOU MARKETING YOUR NFTS EFFECTIVELY?

Shilling on Discord servers is dead, it's saturated and you likely aren't reaching active buyers

## DIRECT TO WALLET

Using BotSend send unlimited NFTs directly to individual buyer's wallets

## LOW COST

Every NFT delivered only costs barely over a penny

## LOW HASTLE

All you need to do is make an NFT ad for your collection and we will take care of the rest

## HOW TO SEND IN YOUR NFT

Fill out the form and quantity on Shopify, see link below

Or send one NFT to the wallet address listed below

## HOW TO PAY

Check out through Shopify

Or send crypto equivalent of at least \$20 USD to the wallet address listed below

## WHAT WE DO

We use our custom software to market your NFT to a curated list of NFT buyers

No other product will be able to reach thousands of quality wallets in a single day

Our software opens up a marketing channel previously blocked due to the labor required to manually deliver your NFTs to wallets

## HOLD US ACCOUNTABLE

To verify how many NFTs have been delivered, check the number of owners on the collection page on OpenSea

You can also see the number of owners through [polygonscan.com](https://polygonscan.com)
